

Support the Freedom of Choice Act!

- The Supreme Court, stacked with Bush's appointees, overturned 30 years of established law that protected women's freedom and privacy when it upheld the Federal Abortion Ban.
- Anti-choice organizations that systematically work to deny women their right to choose have heralded the Supreme's Court decision as a major step towards overturning *Roe v. Wade*.
- Voters in Washington defeated a similar ban in 1998 but this Supreme Court decision trumps our own state law.
- The **Freedom of Choice Act** (FOCA) secures the right to choose for ALL American women by putting the protections of *Roe v. Wade* into federal law.
